- 5 Charge indicator

EURO-COM™ PMR446 Radio headset

If clear intelligible communications are important to your business then EURO-COM™ offers the perfect solution.

Designed for use in high noise environments EURO-COM™ has a host of features combined with performance, durability and comfort, ensuring your staff remain productive.

Features

15-hour duty cycle

PTT lock

Enables users to lock the EURO-COM™ into permanent transmit, allowing total hands free operation.

Side tones

This unique feature routes the transmitted audio back into the dual earphones enabling the user to hear their own voice, which greatly assists concentration and gives the user confirmation that they are in transmit mode.

High efficiency noise cancelling microphone

Eliminates unwanted background noise, allowing crisp clear audio to be transmitted to other users.

Robust construction

Housed in a Bilsom 700 series high impact ABS ear defender:
