

Workshop Technician – Maximon Solutions Ltd

-  *Location:* Wooburn Green, Buckinghamshire
 -  *Job Type:* Full-Time
 -  *Salary:* Competitive, Based on Experience
-

Maximon Solutions Ltd is a well-established and growing supplier of communication systems, proudly delivering innovative and reliable solutions to our clients for over 25 years. As a small but dynamic company, we value teamwork, adaptability, and a can-do attitude. We're now looking for a hands-on, enthusiastic **Workshop Technician** to lead operations in our busy workshop.

The Role:

As our Workshop Technician, you'll play a key role in ensuring the smooth running of technical operations, product servicing, and repairs. The role requires someone who is technically minded, enjoys solving problems, and is eager to learn about our expanding range of communications products and systems.

Key Responsibilities:

- Maintain and run the daily operations of the workshop
 - Test, repair and prepare two-way radios and other communication equipment
 - Support the team with technical troubleshooting and diagnostics
 - Assist with CCTV equipment setup and configuration (IP experience a bonus)
 - Perform basic soldering and electronic fault-finding
 - Keep records of repairs and ensure quality control processes
-

What We are Looking For:

- A willingness to learn new products and technologies
 - Experience or interest in IP-based CCTV systems (desirable)
 - Basic soldering and electronic repair skills
 - Strong problem-solving skills and technical curiosity
 - A reliable and self-motivated attitude
-

What We Offer:

- Competitive salary based on experience
- A friendly and supportive work environment
- Opportunities for training and professional development
- A chance to grow with an innovative and trusted company

If you are looking for your next step in a technical career with a company that values quality, commitment, and teamwork—**we would love to hear from you.**
